unisub®

From Bare to Brilliant™

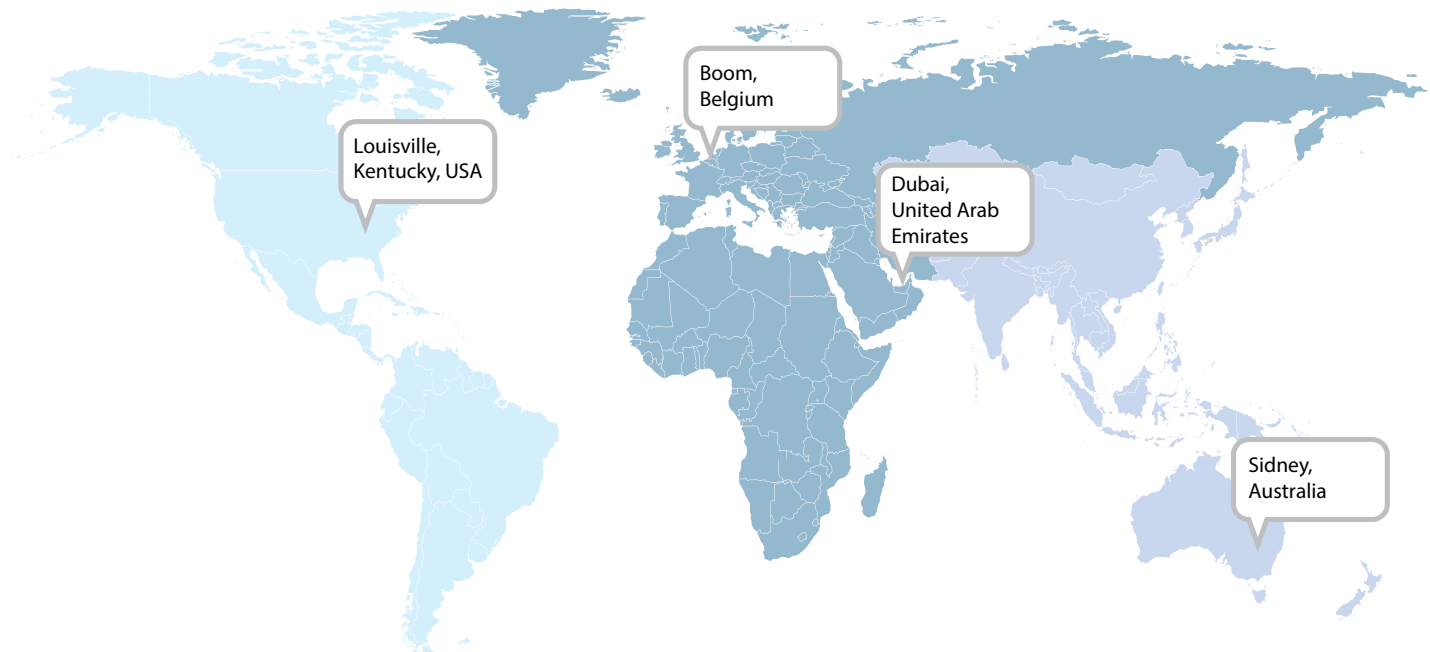

> 300 sublimatables

6 substrates

2018 - 2019

Established in 1997, Unisub is the original leading brand of hard surface sublimatable products, manufactured with highest quality in the USA. Unisub offers customers the ability to customize a variety of photo gifts and personalized products using vibrant, full color graphics. Mostly focused on smaller format items, Unisub products range from coasters and key chains to ornaments, plaques, name badges and more.

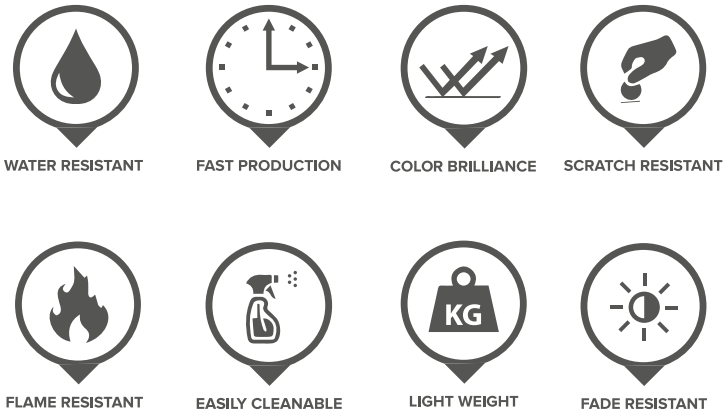

There are over 395 stocked items in the Unisub product line, sold to over 90 countries worldwide. As we develop and add new offerings to our product line, we are confident in our continual dedication to create superior quality goods that will help to grow and sustain the sublimation industry. On our website www.unisub.com, you'll find links to free graphics, product templates, and profit producing business ideas to help grow your business, all of which incorporate a wide variety of our Unisub products. All of our Unisub bare (blank) products can be purchased through certified distributors located all over the world.

unisub®

From Bare to Brilliant™

Customize a variety of photo gifts and personalized products using vibrant, full-color graphics.

Welcome to the world of Unisub, the medium of choice for high definition sublimation printing.

It's with great pleasure that we can present you our new Unisub catalogue.
Our team worked hard to improve existing products and developing new products for you. Compared to last year's catalogue you will find more than 100 new products.

We are committed to giving you the resources, tools and support to further grow your sublimation business. We continue to make significant investments in equipment and research to improve our coatings and develop new products. Our goal: to provide you the best quality sublimation products made anywhere in the world. We appreciate the confidence you have in our products and work hard to deserve this trust you put in us. Quality, variety and value are key factors in our daily work.

In order to give you the best service possible, we have launched **www.starttosublimate.com**: a technical portal providing you with how-to-videos, answers to frequently asked questions, setup information for printer and press, production tips & tricks and much more. Make sure to discover it, and register for free.

We are dedicated to helping you at what you do best: bringing our best quality to your market.
All of the sublimatable products in this catalogue are coated in an environmentally friendly manner in our ISO certified facility in Louisville, Kentucky, U.S.A.

In 2017 we opened a warehouse in Jebel Ali Free zone where we stock over 200 fast moving items and from where we supply all our distribution partners and customers in the Middle-East region and Africa.
Our products are now sold in over 90 countries worldwide. We have a global support team on 4 continents to help serve customer needs around the world. Wherever you are, we have distribution partners to support you.

The opportunities for your business to grow with sublimation are countless, and we are excited and thankful to be a part of your growth.
On behalf of our entire UW team, we are looking forward to another great year together.

start to sublimate

Visit www.starttosublimate.com and discover all the tips and tricks you need to obtain the best result possible in sublimation.
The website is didived in a section for small format, a section for large format, and a section for newbies in sublimation. There is also a very handy search tool. The portal provides how-to-videos, answers to frequently asked questions, setup information for printer and press, production tips & tricks and pre & post processing.

Do not wait any longer, register now for free and become a sublimation expert.

SUBLIMATION

SCIENCE ON HARD SURFACES

You may have learned in chemistry that sublimation involves a substance that changes from a solid to a gas without ever becoming a liquid. In the hard surface sublimation industry, an image is printed onto transfer paper using dye-based inks and then transferred onto a specially-coated surface with heat and pressure. We manufacture blank products, and you sublimate. If you've never heard of sublimation, here's something you may not know. Getting started sublimating on your own is easy! All you need is a computer, a printer with sublimation inks, transfer paper, a heat press and your Unisub or ChromaLuxe products.

WHAT CAN I DO WITH SUBLIMATED PRODUCTS?

The market for hard surface sublimation is expanding daily. There are numerous opportunities to grow and expand your business into new markets, such as personalized gifts, customized business products, schools, sports, professional photography, fine art markets and more. And that's just a sneak preview! Flip through our catalog for more details, tips and tricks about these market opportunities.

WHAT TO DO TO GROW YOUR SUBLIMATION BUSINESS TODAY?

Contact an official distributor to get everything you need to start or grow your sublimation business today.

Find our distributors here:
http://www.chromaluxe.eu/find.html
http://www.unisub.com/find-a-distributor

3 SIMPLE STEPS TO SUBLIMATE

1

Choose any picture, illustration or other graphic image. Sublimation is great for any color combination from black and white to full color.

2

Insert the special sublimation ink cartridges into your printer. Print the image onto sublimation transfer paper designed for hard surface products. Tape the transfer paper to your product.

3

Position your product on the heat press face up and apply pressure for the appropriate amount of time. Remove the transfer paper from the surface. Enjoy the wow!

SUBSTRATES

Universal Woods coats a variety of hard substrates including aluminum, MDF, hardboard and phenolic. As an ISO 9001:2008 certified manufacturer, each of our products are manufactured and inspected to ensure the highest quality sublimatable products in the industry.

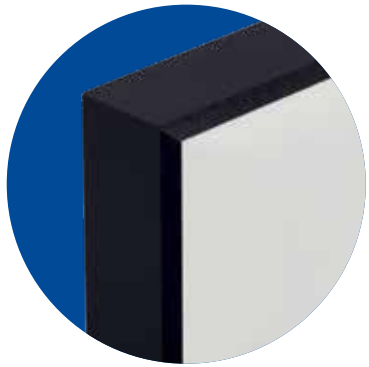

ALUMINUM

Used in: Ornaments, name tags, keychains, etc.
Finishes: Gloss White, Semi-Gloss White, Matte White, Gloss Clear
Thickness: 0.045” / 1,1 mm and 0.03” / 0,8 mm

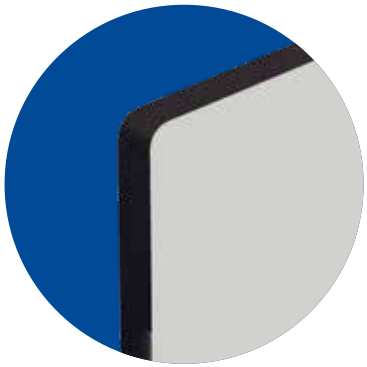

MEDIUM DENSITY FIBERBOARD (MDF)

Used in: Plaques, name plates, etc.
Finish: Gloss White
Thickness: 0.625” / 15,8 mm and 0.5” / 12,7 mm

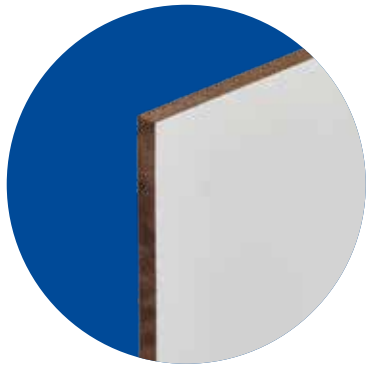

HARDBOARD BLACK BACK

Used in: Picture frames, signs of life, etc.
Finish: Gloss White
Thickness: 0.25” / 6,4 mm

HARDBOARD RAW BACK

Used in: Puzzles, coasters, serving trays, etc.
Finish: Gloss White
Thickness: 0.125” / 3,2 mm

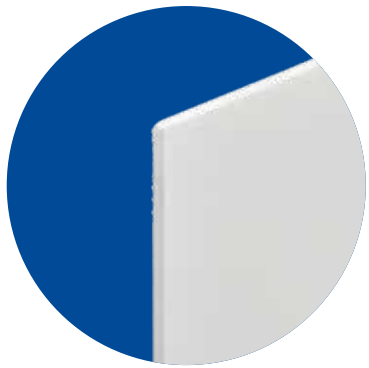

STEEL

Used in: Message boards
Finish: Gloss White
Thickness: 0.023” / 0,6 mm

FIBER RE-INFORCED PLASTIC (FRP)

Used in: Badges, magnets, luggage tags, etc.
Finishes: Gloss White, Matte White
Thickness: 0.09” / 2,3 mm

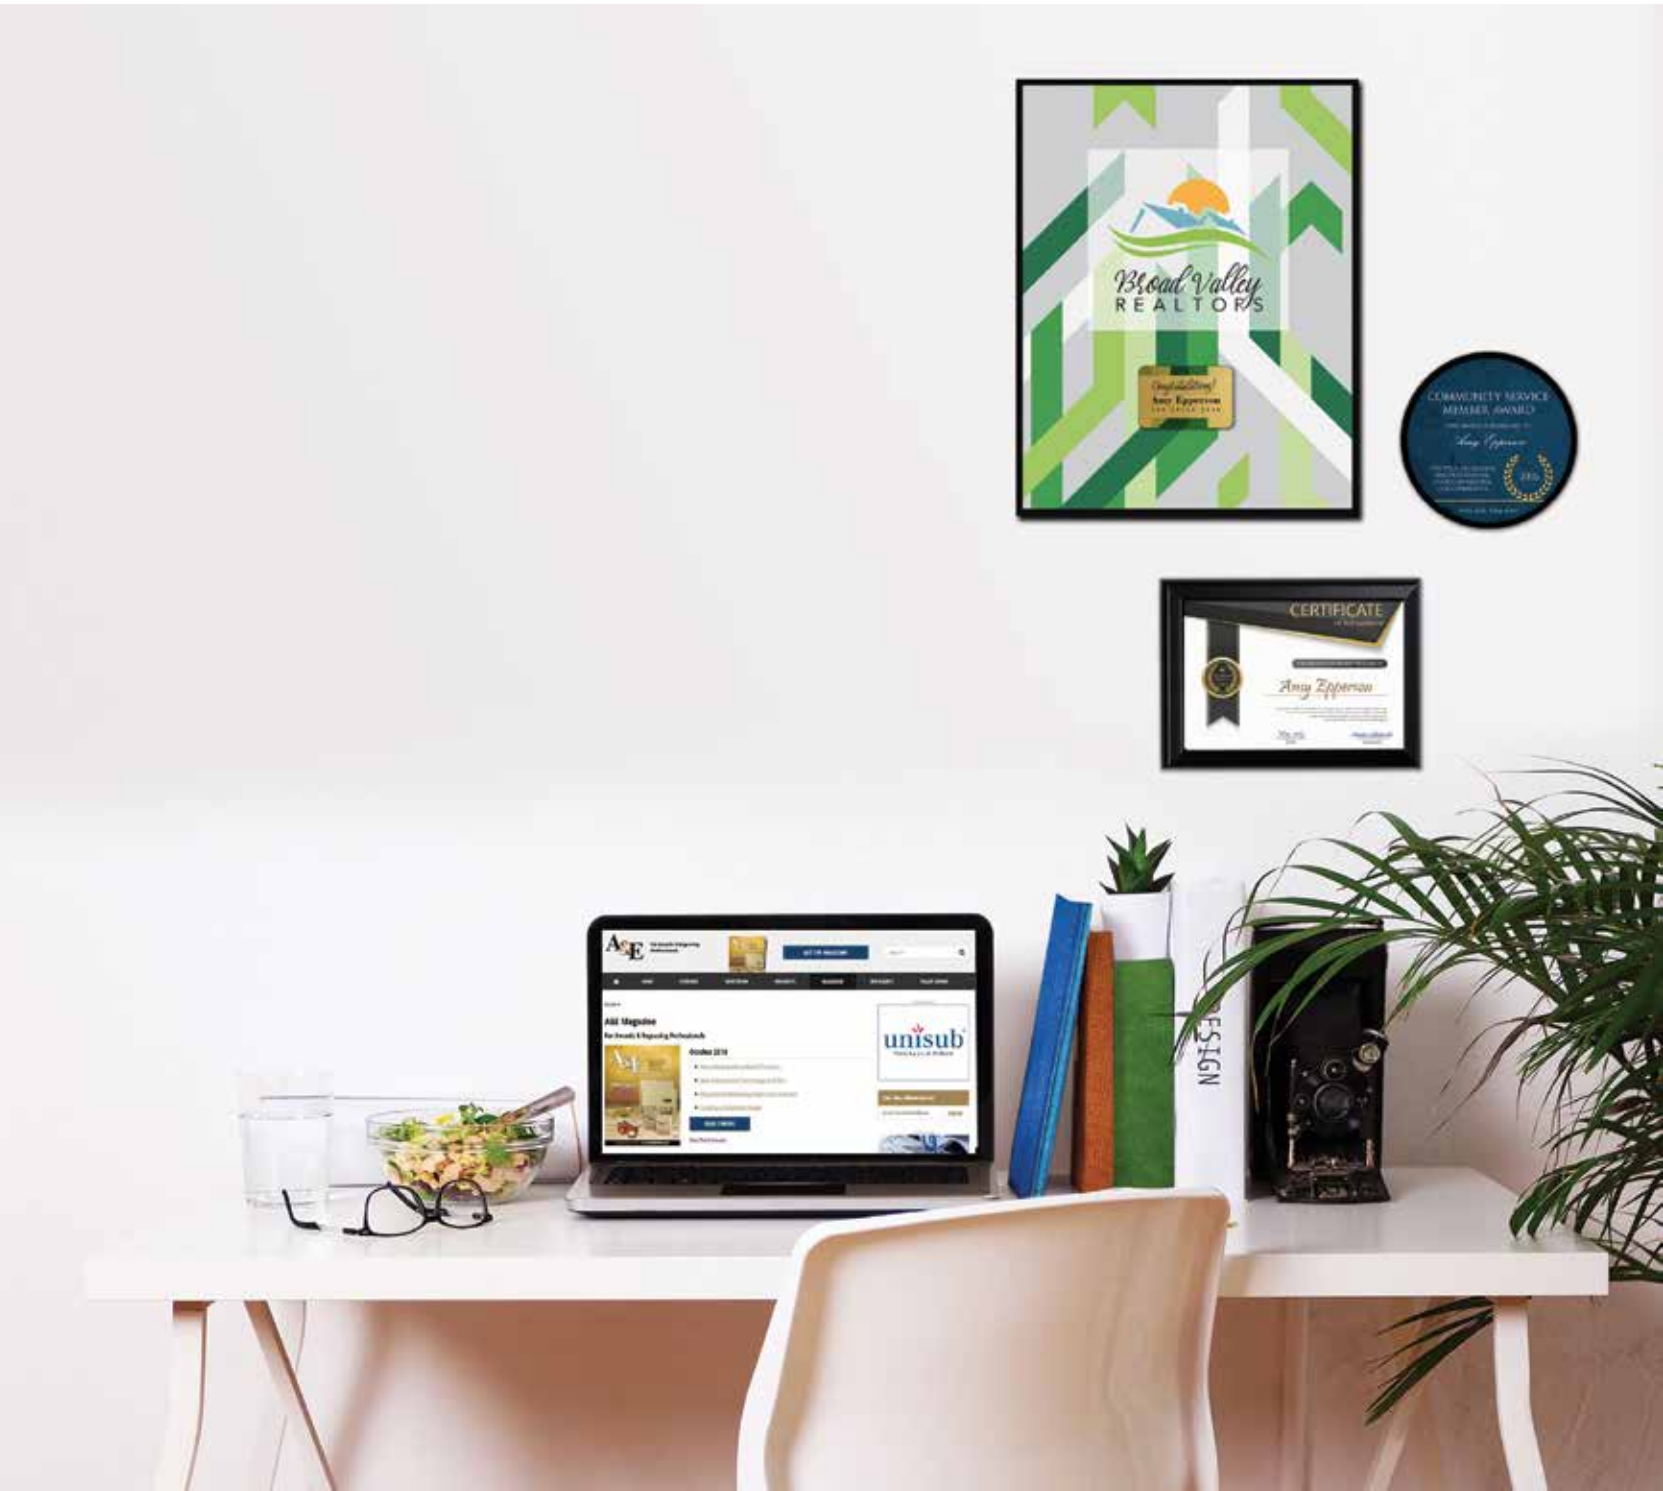

NATURAL WOOD

Used in: Picture frames
Material: MDF Maple Veneer **Finish:** Matte Clear
Thickness: 0.625” / 15,9 mm

PLAQUES & AWARDS

PLAQUES & AWARDS

Recognition deserves attention – create lasting memories of achievements with full color plaques available in a variety of sizes and shapes.

This kit contains printed samples of MDF, Natural Wood,
3mm and 6mm hardboard, FRP (Fibre Reinforced Plastic), steel and 0,7 mm alumnium.

ITEM #	DESCRIPTION	QTY
25054	Material kit	1

PRODUCTION JIGS

Production jigs can help with the efficiency of your sublimation process when sublimating a group of the same products (name badges, coasters, bag tags, and more). To use, you simply insert the bare products into the slots so they are prevented from moving, and easily attach your printed grid. No need to sublimate each product individually. All jigs listed below are available with a 1-week lead time. Other jigs are special order items and require a 3-week lead time. We make custom jigs for a variety of purposes; work with your distributor to create one for any product. Place your custom jig order today!

Material: MDF (with Aluminum skeleton) **Thickness:** 0.75" / 19 mm
